

# Motor Oils

**OE**

The dexos™1 Gen 2 oil is formulated for most GM-designed engines and offers the industry's leading specifications for passenger car gasoline vehicles.

Unlicensed products have not gone through GM's rigorous testing process, are not monitored for quality, and are not approved or recommended for use in GM vehicles.

**dexos™1 Gen 2 Features:**

- High resistance to oxidation, keeping the oil from breaking down
- Saves fuel and prolongs engine life by fighting wear, reducing friction
- Delivers optimal protection in extreme weather, stop-and-go driving and towing heavy loads
- Helps keep engines cleaner by resisting varnish and sludge that can affect performance
- Easier starts and better engine protection in cold weather

**ACDelco GM OE dexos™1 Gen 2**

Motor Oil	Viscosity(s)	Applications
dexos™1 GEN 2 Full Synthetic  GM APPROVED - GEN 2	0W20	<p><b>GM vehicles where a dexos™1 oil is specified</b></p> <ul style="list-style-type: none"> <li>• Gasoline-fueled and flex-fuel passenger cars, light trucks and sport utility vehicles, including gasoline-electric hybrids, where the OEM specifies SAE 0W-20 engine oil</li> <li>• Four-stroke cycle gasoline engines in other mobile or stationary equipment</li> </ul>
	5W30	<p><b>GM vehicles where a dexos™1: 2015 oil is specified</b></p> <ul style="list-style-type: none"> <li>• Gasoline-fueled and flex-fuel passenger cars, light trucks and sport utility vehicles, including gasoline-electric hybrids, where the OEM specifies SAE 5W-30 engine oil</li> <li>• Four-stroke cycle gasoline engines in other mobile or stationary equipment</li> </ul>
dexos™2 Full Synthetic  GM APPROVED	5W30	<p><b>dexos™2 5W-30 synthetic engine oil can be used in new and older GM vehicles</b>                      where the recommended viscosity grade is SAE 5W-30. It is fully back-serviceable in older engines.</p>
dexos™D Full Synthetic  GM APPROVED - DIESEL	0W20	<p><b>Diesel powered GM vehicles where a dexos™D 0W-20 engine oil is specified</b></p>

Viscosity recommendations vary according to temperature and engine manufacturer. Always refer to the Owner's Manual for proper recommendations.

Refer to the electronic parts catalog or [www.acdelco.com](http://www.acdelco.com) for the most up-to-date applications and a complete list of motor oils.
