Philips CrystalVision platinum
upgrade headlight bulbs

Powerful performance, brilliant white light

Philips CrystalVision platinum upgrade headlight bulbs deliver a sharp, irresistible look. A new patented, ultra-white gradient coating creates up to 4000 K white light.

CrystalVision platinum bulbs also produce up to **60% more vision*** compared to a standard halogen bulb.

- Up to 60% more vision* for a safer drive
- High-performance filament
- DOT compliant

*Compared to standard minimum legal requirements in low beam headlamp test results

Philips CrystalVision platinum
upgrade headlight bulbs

Philips CrystalVision platinum revolutionizes the look of conventional headlights with a sharp white light and up to 4000 K color temperature.

The right choice for drivers who want a **bright and stylish** driving experience.

Unique new Philips coating technology

- Thanks to our new patented, ultra-white gradient glass coating, CrystalVision platinum bulbs are our whitest road-legal halogen headlights.
- The cool white light improves contrast at night and enhances driver comfort by reducing eye fatigue

Advanced style and technology

- Matte silver tip produces a stunning look in the headlamp's reflector
- Proprietary noble gas filling
- Powerful and robust new filament coil
