

AC Compressors OE

GM Genuine Part OE compressors are designed and validated to high industry standards for durability and performance under aggressive conditions and environments. The AC Compressor determines the AC system balance and size, including the determination of oil amount, refrigerant charge and valve settings.

The integration of the compressor with the vehicle application takes years of designing, component and vehicle testing to ensure all requirements are met. That's why **GM Genuine Parts OE** compressors are the only compressors recommended for GM vehicles.

(**GM Genuine Part OE** Compressors formerly appeared as ACDelco GM OE Compressors.)

Feature	Benefit	GM Vehicle(s)
Oil Separator	The oil separator is part of the compressor and removes oil from the refrigerant to help keep / increase system efficiency	All GM vehicles in North America
Special Clutch Finishing	GM meets an aggressive engineering requirement for compressor clutch durability and corrosion resistance. Together, these ensure long-term quality and durability	All GM vehicles globally
Premium Materials and Coating of Internal Parts	General Motors has been in business for more than 110 years. Based on decades of lessons learned and engineering excellence, only premium materials are used in GM Genuine Part OE Air Conditioning Compressors	All GM vehicles globally

Using a non-genuine replacement may cause premature failure, refrigerant leakages, loss of system efficiency, loss of cooling performance and increased noise.

Feature	Benefit	GM Vehicles
Variable Crankcase Bypass Valve	<p>The A/C system is mechanically protected with the use of a high pressure relief valve. If the high pressure switch were to fail or if the refrigerant system becomes restricted and refrigerant pressure continued to rise, the high pressure relief will pop open and release refrigerant from the system. This increases system efficiency.</p> <p>This is a patented part and may not be included in an aftermarket compressor.</p>	<p>2018-2020 Traverse 2017-2019 LaCrosse Ext. 2018-2020 Malibu 2018-2020 Regal 5DRHB 2019-2020 Blazer 2018-2020 Regal Wagon 2016-2020 Camaro 2018-2020 Enclave 2020 Corvette C8 2017-2020 Acadia</p> <p>2013-2018 ATS 2020 CT4 2014-2019 CTS 2020 CT5 2015-2019 ATS 2019-2020 XT4 2016-2019 CTS 2019-2020 XT5 2016-2020 CT6 2020 XT6</p>
