

Wiper Blades

ACDelco GM OE Wiper Blades are the true OE parts installed during production or validated by General Motors for GM vehicles. These wiper blades are designed, engineered, tested to rigorous standards and backed by General Motors. (Some ACDelco GM OE Wiper Blades formerly appeared as GM Genuine Parts).

OE WIPER BLADES ARE:

- Designed and paired to a specific torque wiper motor that is tested through durability cycling
- Designed at a specific curvature to make sure the whole blade contacts the glass throughout the wipe pattern
- Tested and validated for a specific GM vehicle application to perform over 500,000 cycles
- Tested in high friction environments to help ensure blades can operate for a certain amount of time without stalling the wiper motor
- Validated in wind tunnel to ensure that wiper blades don't lift off the glass (skip along glass/chatter) while driving on the highway in rain
- Tested to meet specific Federal Motor Vehicle Safety Standards (FMVSS), Economic Commission for Europe (ECE) wipe zone coverage that helps maximize visibility and safety

- OE Wipers use a specific rubber and coating to help minimize friction on glass.

Refer to the electronic parts catalog or www.acdelco.com for the most up-to-date applications and a complete list of parts.

The ACDelco GM OE Part is a precise fit to the GM vehicle's windshield.
Below are examples of Original Equipment wiper blade lengths.

MAKE AND MODEL	OE WIPER BLADE LENGTH	
	Driver Side (cm, in.)	Pass. Side (cm, in.)
Buick Encore	65 / 25.6	35 / 13.8
Cadillac CT5	60 / 23.6	45 / 17.7
Chevrolet Corvette	55 / 21.6	50 / 19.7
Chevrolet Malibu	65 / 25.6	45 / 17.7
GMC Sierra	55 / 21.6	55 / 21.6

ACDelco offers a 24 month/Unlimited mile limited warranty on ACDelco GM OE wiper blades. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.

Wiper Blades GOLD

ACDelco Gold parts are the high-quality alternative to OE parts. These wiper blades are manufactured to meet expectations for fit, form and function making them a smart choice for General Motors vehicles, as well as most makes and models. These high-quality parts are backed by General Motors. (Some ACDelco Gold wiper blades formerly appeared as ACDelco Professional).

ACDelco's Gold beam and hybrid wiper blades include eighteen (18) total SKUs, seven (7) beam wiper blades and eleven (11) hybrid wiper blades. The Gold wiper blade offering includes coverage for over 99% of GM vehicles and over 90% of all makes. Add in our ACDelco Silver blades, and ACDelco has wipers for most cars on the road today.

BEAM WIPER BLADE

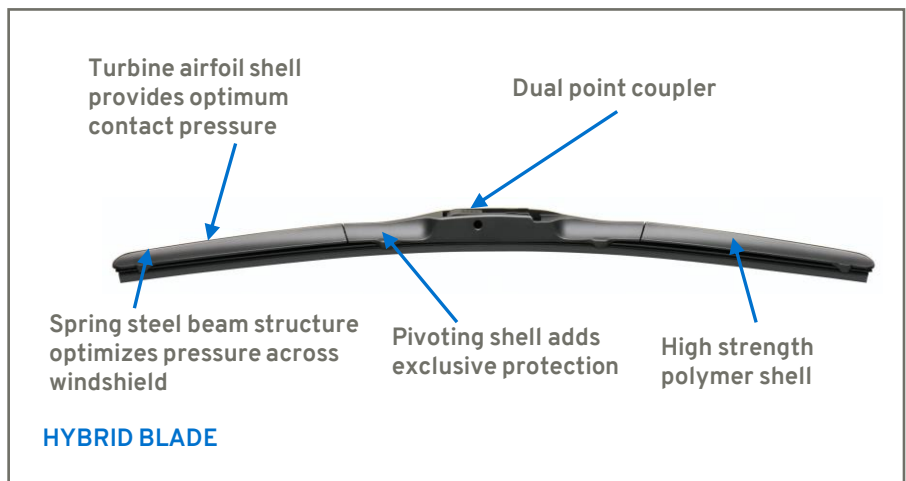

- Fits pinch tab and push button arm type connections
- 7 SKU's to fit over 23 million GM vehicles in operation
- NO ADAPTORS! Easy one step installation
- Looks and functions like the OE beam blade
- Airfoil blade that helps reduces wind lift
- One piece wiper structure to help resist snow and ice clogging
- Tested to perform over 500,000 cycles
- Engineered to conform to today's highly curved windshields

Refer to the electronic parts catalog or www.acdelco.com for the most up-to-date applications and a complete list of parts.

HYBRID WIPER BLADE

- Fits both 9x3 & 9x4 hook and side lock arm types
- 11 SKU's to fit over 10.6 million GM vehicles in operation
- NO ADAPTORS! Easy one step installation
- High-strength polymer shell that helps protect the blade from the elements
- Uniform pressure for a clear wipe with spring steel beam structure
- Tested to perform over 500,000 cycles
- Engineered to conform to today's highly curved windshields

ACDelco offers a 24 month/Unlimited mile limited warranty on ACDelco GM OE wiper blades. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.

Wiper Blades

SILVER

ACDelco Silver wiper blades are a quality high value option for General Motors vehicles as well as most makes and models and are backed by General Motors. (Some ACDelco Silver wiper blades formerly appeared as ACDelco Advantage).

CONVENTIONAL BLADE

- ACDelco All-Season Wiper Blades provide reliable performance at an economical price
- Pre-attached universal adaptor fits 82% of vehicles based on current U.S. vehicles in operation
- All-Season Blade

BEAM BLADE

- Over 98% all makes coverage
- Twin coupler for optimal wipe
- Only one (1) or two (2) adapters
- Easy installation
- Uniform pressure across entire beam promotes even wear
- All-weather performance

Refer to the electronic parts catalog or www.acdelco.com for the most up-to-date applications and a complete list of parts.

It is recommended that you inspect your wipers every six months

Wiper Blades need to be changed if the following occurs:

Streaking: Blurry vision caused by dry or dirty blades.

Chattering: Skipping of the blade caused by the permanent set of a curve in the rubber of old blades.

Worn Rubber: Rounded of the wiping edge caused by extended use.

Split Rubber: Cracked and split rubber caused by prolonged exposure to the sun's ultraviolet rays.

Bent Wiper Frame: Bent or broken wiper frames may be caused by ice scrapers.

ACDelco offers a 12 month/Unlimited mile limited warranty on ACDelco Silver wiper blades. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.
