

# Wiper Blades

ACDelco GM OE Wiper Blades are the true OE parts installed during production or validated by General Motors for GM vehicles. These wiper blades are designed, engineered, tested to rigorous standards and backed by General Motors. (Some ACDelco GM OE Wiper Blades formerly appeared as GM Genuine Parts).

## FIRST TO MARKET

with WIPER BLADES MATCHING SPECIFIC OE WINDSHIELD CURVATURES

## FEATURES

- 100% Coverage for current model year
- Designed and paired to a specific torque wiper motor that is tested through durability cycling
- Precise fit to the GM vehicle windshield
- Designed at a specific curvature to make sure the whole blade contacts the glass throughout the wipe pattern
- Tested and validated for a specific GM vehicle application to perform over 500,000 cycles\*
- Tested in high friction environments to help ensure blades can operate for a certain amount of time without stalling the wiper motor

## FRONT WIPER BLADES

- Validated in wind tunnel to ensure that wiper blades don't lift off the glass (skip along glass/chatter) while driving on the highway in rain
- Tested to meet specific Federal Motor Vehicle Safety Standards (FMVSS), Economic Commission for Europe (ECE) wipe zone coverage that helps maximize visibility and safety\*
- OE Wipers use a specific rubber and coating to help minimize friction on the glass

\*Front wiper blades only.

## REAR WIPER BLADES
